

ALEXANDRA LANDE

Choreographer & Artistic Director

Vibrating to the sounds of Janet Jackson, Alexandra 'Spicey' Landé's love for street dance began in 1986. Spicey has studied and taught Hip-Hop dance for over 12 years at established Montreal dance studios. She is a well known choreographer and artistic director in the province of Quebec. In 2005, Unkut Productions, an entertainment company that specializes in producing shows and events, made its way on the urban dance scene. The first fruit of this production is "Bust a Move" a street dance convention held once a year that unites Montreal's some of the worlds best street dancers in a friendly competitive atmosphere.

Spicey has a major influence on Montreal's street dance scene and is recognized as expert in her field. Her understanding of the Hip hop culture is admirably portrayed in all of her work and through the years she has developed a unique choreography style pushing hip hop dance to new limits.
